

# Reviewer 1 of Waleed Report.

- 1) Cover page and its format is not looking good so it should be change and page formatting should also be better. There is also not proper format for Table of Content.
- 2) Introduction is related to problem of this paper so it's fine.
- 3) Background is explain well but there is sentence structure problem so it could be better.
- 4) I think it should be mention which network strategy be used for this problem and why.
- 5) There is some grammatically mistake.
- 6) Hypothesis is taken but result of experiment is not define properly is it should explain little bit more.
- 7) Conclusion of paper is not matching with you complete work so you can write it more close to your written work. You have to mention your problem solution in proper way.
