Reviewer 2 of Ameer Abdullah Report.

1) There is no proper formatting for your paper. You can make it better by adding table of content and increase the text size of Heading like preprocessing etc.
2) Introduction is related to problem of this paper so it's fine.
3) Background is explain well but there is sentence structure problem so it could be better.
4) You can add structural form of Neural Network for the better understanding of reader.
5) Hypothesis and result for solving the problem is fine.
6) Conclusion of paper is matching with your complete work.

Verdict.

Paper is accepted.
